

## SB 1795 Joint-Use Projects Eligible Square Footage

This form should be included with plan review submittals to CDE when a district is applying for Joint Use funds through SB 1795. Include this form along with all information specified in the *Form SFPD 4.07 Plan Submittals for New Construction Projects*. (Note: Since this is not an SB 50 project, it is not necessary to complete the District Certifications on "Toxics and CEQA Determination" and "Classroom Telephones and Public Safety" on SFPD Form 4.07-B. However, if the district wishes to claim the Urban/Security/Impacted Site allowance for this project, then that section of the SFPD 4.07-B must be completed.) CDE will calculate the Eligible Square Footage based on the district certified site enrollment, using the worksheet on page 2.

**Please complete the Project Information and Certifications sections below.**
